Football

21st April- 26th May 2023 (6 sessions)

Available to children in R-Y4

Cost = £24

Gymnastics; As one of the most popular sports across the planet, it's no wonder that boys and girls love to take part in gymnastics. Our classes are designed specially to ensure kids have fun, learn the fundamentals of movement, and leave with a smile on their faces.

Athletics; Premier Education's athletics sessions help develop some of the most important and fundamental movements a child can learn. For younger children, athletics is a great introduction to skills like running, jumping and throwing in a setting where everybody can learn and improve. For the older children, we put on a mix of competitive and team-based activities, focusing on our own versions of the most popular events. Often, our coaches will bring our athletics sessions to life by tying them in with an Olympic theme. This not only makes the whole thing that much more exciting but also leads to effortless learning about people and places around the world.

Football; At Premier Education, we pride ourselves on running sessions that children will enjoy and learn from. Our sessions are aimed at developing skills and techniques by creating specific in-game scenarios. Our coaches also help them to build transferable skills and knowledge that can be taken into any other sport they enjoy. We also press the importance of following, understanding, and respecting the rules. As with all of our courses, the focus is on inclusion more than competition – we encourage all boys and girls to join in and have fun, no-matter their ability or previous experience.
