Project Evolve – Privacy and Security

Amethyst

Autumn 1

Subject Specific Concepts
- Online Safety

Overview

- I can describe strategies for keeping personal information private, depending on context.

- I can explain that internet use is never fully private and is monitored, e.g. adult supervision.

- I can describe how some online services may seek consent to store information about me; I know how to respond appropriately and who I can ask if I am not sure.

- I know what the digital age of consent is and the impact this has on online services asking for consent.

Key Questions

- Why do we use passwords? (What do they keep safe?)

- What is a strong password - how would you know?

- Why do we share personal information online? Who might we share it with?

- What sort of personal data do online services collect? Why?

- How is children's personal information protected online?

- What can a child do if they want to use an app but don't understand (or agree with) the Terms of Use or Privacy Policy?
