Civilisation

## The Iron Age 800 BC to 43 AD

People learnt to use iron: iron tools made farming easier and iron weapons were deadly. Settlements grew in size, with many people living in hill forts. Tribes were led by kings.

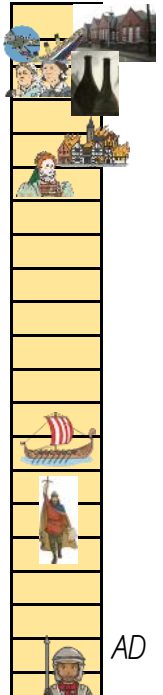

## The Bronze Age 2500 BC to 800 BC

People learnt to make objects from bronze, gold and copper. Metals were mined in Britain. Metals and precious objects were traded with mainland Europe. People lived in clans led by powerful chiefs.

## The Stone Age 150000 BC 2500 BC

People were hunter-gatherers and lived a nomadic lifestyle. They made hand axes from stone, hammers from bone or antlers and spears from sticks. They used animal skins for clothes and shelter.
